

Arbeitsblatt zum Nachspuren von Welle Linien

Spure jede gepunktete Welle Linie vom grünen zum roten Punkt nach.

The tracing practice section consists of a central example box and eight rows of dashed wavy lines. Each row starts with a green dot on the left and ends with a red dot on the right. The wavy lines are uniform in size and frequency. The page is decorated with small icons: a red dot, a green squiggle, a green circle, and a red cross are scattered around the tracing area.
